

No Nukes! No Wars! Fund Human Needs! Protect the Environment!

In a time of twin global economic and environmental crises and growing competition over natural resources, the dangers of conflicts among nuclear-armed states are increasing. We can't afford to wait decades more for the elimination of nuclear weapons.

On the eve of the Nuclear Nonproliferation Treaty (NPT) Review Conference, thousands of people from around the world will gather in New York City for a weekend of inspiring and powerful activities to demand that President Obama and the leaders of the other nuclear-armed nations commence negotiations on a treaty to eliminate nuclear weapons within a timebound framework. Please join us for an international conference, rally, march and peace & music festival, April 30 – May 2! **But even if you can't get to New York:**

1) **YOU** can help us by contacting local officials, such as your City Council or Boards of Selectmen/women or Aldermen/women and ask them to pass the resolution calling for a nuclear weapons free world.

Resolution for a Nuclear Weapons Free Future

“Whereas the United States Conference of Mayors in 2009 voted unanimously to call on President Obama “to announce at the 2010 Non-Proliferation Treaty Review Conference the initiation of good faith multilateral negotiations on an international agreement to abolish nuclear weapons by 2020,”

Be it resolved that the City Council of adds its voice of support to this unanimous, urgent call of the United States Conference of Mayors. Be it further resolved that notification of this resolution be sent to President Obama and to our Members of Congress.

2) **YOU** can support the Mayors for Peace “Cities Are Not Targets” recruitment drive by enrolling your mayor in Mayors for Peace. Mayors for Peace has 3,680 members in 135 countries and regions; 156 in the U.S. Is your mayor one of them? Help Mayors for Peace reach 5,000 members by May!

3) **YOU** can join the millions around the world who are signing petitions for abolition of nuclear weapons to be delivered to the White House and the United Nations at the time of the NPT Review Conference in May.
